

Northshore Controller

Fast paced and rapidly growing Northshore entity seeks an experienced Controller to build a world class accounting department.

The company is seeking an experienced, dynamic candidate who is able to hit the ground running and lead the company's accounting department. This individual must be a self-starter who is result and action oriented, with excellent interpersonal skills and the ability to build strong relationships across a diverse employee base. The ideal candidate must demonstrate leadership skills, possess good financial acumen and analytical skills and have unassailable ethics, integrity, maturity, and judgement. The Controller will be accountable for the accounting operations of the company, which includes production of periodic financial reports, maintenance of accounting records, with a comprehensive set of controls and budgets designed to mitigate risk, enhance the company's reported financial results, and ensure the reported results comply with Generally Accepted Accounting Principles.

Duties and responsibilities include:

- The ability to manage and direct the accounting staff to ensure all functions of accounts payable and receivable are completed on an accurate and timely basis.
- Provide financial analyses as needed, in particular for capital investments, pricing, and contract negotiations.
- Coordinate the provisions of information to external auditors and preparers for annual tax returns, as well as, ensure compliance with local, state, and federal government reporting requirements and tax filings
- Company liaison with third party professionals such as bankers, insurance agents, attorneys, and CPAs.

Education / Experience

- Bachelor's Degree in Accounting.
- 10 + years of experience for a major company or division of a large corporation.
- Certified Public Accountant Certification - current designation is required
- Masters in Accounting/Finance/Business is desirable
- Preference will be given to candidates with experience working in a manufacturing environment.
